### PRODUCT

DP2465 Virginia Stackedstone

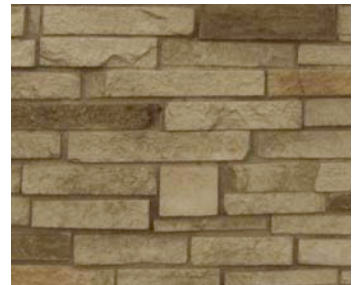

### SPECS

Thickness - 1 3/4"  
 Height: 48"  
 Weight: 36 lbs  
 Area: 31 sq ft

### PATTERN COMPARISON

DP2460 Stackedstone

DP2465 Virginia Stackedstone

The Virginia Stackedstone features a similar pattern to our original stackedstone, however it offers two main differences. First we added a small grout line, allowing for easier blending of seams. Secondly, we made the stone pattern slightly larger, making the pattern more distinct from a distance.

### NEW INTERLOCKING FEATURE

This is our first panel feature a tongue and groove overlap to further eliminate any gaps between panels.
